

Quality Policy

 Global Gypsum Co Ltd is committed to manufacturing, distribution, sale and export of Gypsum powder that is used across multiple industrial sectors ranging from Construction industries and Ceramic Manufacturing to Agricultural usage.

 Global Gypsum Co Ltd strives for its above-mentioned commitment with its best possible abilities to achieve customer satisfaction and to ensure that all internal procedures and practices are suitable for this purpose.

To meet this commitment,  Global Gypsum Co Ltd maintains a quality-focused culture with its highest priority placed on reliability of its products. This commitment also extends to the continual improvement of its established QMS (Quality Management System).

 Global Gypsum Co Ltd complies with all applicable legislations, regulations and industry best practices.

As part of  Global Gypsum Co Ltd's commitment to QMS:

- Head of departments are accountable to ensure procedures and practices are in place to ensure product quality,
- Staff members possess appropriate education, training, skills and experience to carry out their work competently in accordance with the procedures and practices to achieve product quality,
- Appropriate performance-indicators for processes (wherever possible) are used to identify potential improvements in the company's capability to ensure product quality.

 Global Gypsum Co Ltd's Quality Policy serves as a compass in providing strategic direction to the organization and for establishing quality objectives at all relevant functions and levels of the organization.

The quality objectives are appraised at management review meetings where this quality policy is also examined for its continued suitability.

 Global Gypsum Co Ltd's top management is also committed for the provision of resources for continually improving the effectiveness of the QMS (Quality Management System).

The QMS performance is regularly monitored through internal verification and audits in order to ascertain that the company procedures and practices meet the expectations of customers and interested-parties.

Top management ensures that the quality policy is communicated and understood by all employees at all levels of the organization through trainings and regular communication.

This policy is also available for communication to relevant interested-parties.
